Show this Bibliodex at your library for an entry into the Summer Reading Club prizes draw and for your next mission!

Solve a Mystery	
Capture a Creature	
Save the Town	
Travel Through Time	

Bibliodex

Summer Reading Program 2021
 Mission log of: _____
 Mission: Begin Exploration

Message from Professor Elm:

Welcome back, Trainer! We have to figure out which Pokémon is causing trouble in Alberta! To do that, we'll need to hone your detective skills and get a lay of the land.

Second Mission: Solve a Mystery.

Objective one: Read a mystery book.

Objective two: Investigate the scene. Visit three places that you have never been.

Objective three: Find witnesses. We know that the culprit was seen by a rabbit, a monarch butterfly, and a raven and a white tail deer.

Objective four: Crack the code.

When you complete the mission, be sure to show your Bibliodex at the library for your prize entries, and to receive your new mission.

Crack The Code

It looks like the witnesses have hidden clues for you, Trainer! Look back through their names for letters that are unusual, wrong, or shouldn't be there, then unscramble the name of the culprit:

Letters:

Who is the culprit?

Book Name:

Draw a scene or character from your book:

Book Type: **MYSTERY**

Book Summary:

Caught at:

Time spent reading:

Location Name:

Draw a map of the location and the surrounding area:

Describe an interesting feature of this location:

How did you get there?

How long did it take?

Witness Name: Rabmit or Hare

Draw a picture of the rabbit:

Creature Type: Ground

What was the rabbit doing when you found it?

Witness Name: Monarch ButT@rfly

Draw a picture of the monarch butterfly:

Creature Type: Bug

What was the monarch butterfly doing when you found it?

Witness Name: Common Raven

Draw a picture of the raven:

Creature Type: Flying

What was the raven doing when you found it?

Witness Name: White Tail Deer

Draw a picture of the white tail deer:

Creature Type: Normal

What was the deer doing when you found it?
