 Mission: Begin Exploration

Message from Professor Elm:

Welcome back once again, Trainer! It looks like Mewtwo's plan has spanned decades, or even centuries. You'll need to go back in time to discover its origins so that we can finally stop him!

Fifth mission: Travel through Time.

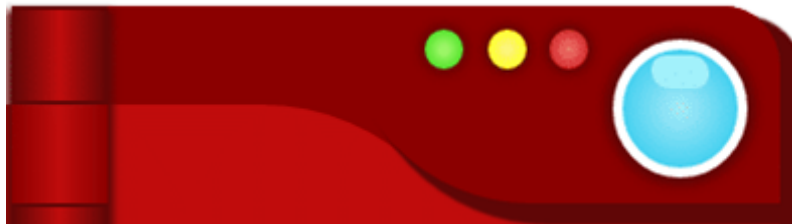

Objective one: Visit an historic site, a museum, or an archive, either in person or online.

Objective two: Read a book set more than 100 years ago.

Objective three: Read a book that is more than 50 years old.

Objective four: Ask your grandparents to show you an item from their past, and to tell you its story.

When you complete the mission, be sure to show your Bibliodex at the library for your prize entries. Thank you for all of your help!
